

Imagine a one-stop-shop for all of the Arts in the area...

The Arts Coalition of the Alleghenies is here

For over two years, committed people of the arts community have come together to strengthen and promote the arts in the region. In 2011 we funded a survey to evaluate the economic impact of Arts and Culture in the region. We also developed and launched a website with a joint calendar to assist supporters of the arts in accessing events, workshops, and more in our community.
